TINKHAM RIVERFRONT RETREAT

Skiing & Outdoor Recreation is at Your Door!

\$1,194,900

A riverfront home so private, it has its own freeway exit! Sitting along 680 feet of the South Fork, this custom log home enjoys a shy 15 acres surrounded by national forest. Soaring vaulted ceilings with exposed beams and walls of glass bring light and nature from the outside into the central Great Room. Appointed with Brazilian & cherry hardwoods, concrete, granite, slate & marble, the craftsman styling is milled with cherry and accented with Spanish doors, leaded glass and custom engravings. There are two master suites on the main floor with full bathrooms and jetted tubs located at opposite wings of the home. A third bedroom suite with full bathroom is located upstairs at the top of the Brazilian staircase. Floors are heated throughout. It has been noted that due to the home's proximity to Snoqualmie Pass outdoor recreation and skiing, this home would be an excellent candidate as a Vrbo or Airbnb resort if occupied part time. Amazing riverfront home like no other on the market today.
